*Counsel for Appellee Sound Design Technologies Ltd.*

March 14, 2014

Pursuant to Federal Rules of Appellate Procedure 26(b) and 27, Appellees Sound Design Technologies Limited and SeboTek Hearing Systems, LLC move for a 14-day extension of time to file their briefs in response to Appellant's opening brief. If this extension is granted, Appellees' briefs, currently due on March 31, 2014, would be due on April 14, 2014.

Appellees have good cause for this extension because of significant commitments in other cases. One of the attorneys working on this appeal has just concluded a trial in the Eastern District of Texas. Another attorney on the appeal is counsel in an Eastern District of Virginia case in which the court recently lifted a 7-week stay, but kept the original deadlines in place for the close of fact and expert discovery. A 14-day extension will enable Appellees to complete their briefs and fulfill their obligations to other courts and matters.

This is Appellees' second request for an extension as they previously were granted an extension of 30 days. Appellant Oticon Incorporated has consented to this motion.

Respectfully submitted,

PERKINS COIE LLP
